

# Fly GACA — New Hire Onboarding Checklist

SECTION 05-people    TYPE checklist    STATUS **draft**    OWNER Founder / HR    UPDATED 2026-08-19

## قائمة تهيئة الموظف الجديد — فلاي فاكا

Version: 0.3 (draft) | Date: 2026-08-19 | Folder: 05-people/

**DRAFT — PENDING LEGAL REVIEW.** This checklist must be reviewed by a qualified Saudi HR professional and/or Saudi-licensed legal counsel before the first non-founder hire starts. It is an operational aid, not legal advice. Saudi Labor Law (Royal Decree M/51 and its amendments) governs.

### 1. Purpose and Scope

Operational, compliance-first checklist covering **Day -7 (offer accepted) through Day 90 (probation decision)** for full-time and part-time employees of BDA Company International (شركة بدع الدولية). It complements — and does not replace — the content-focused **30-60-90 Day New Hire Plan Template** (05-people/30-60-90-day-new-hire-plan-template.docx), which the manager fills in per role.

**Out of scope:** Tamheer programme trainees follow a **separate track** (HRDF subsidy claim, no EOSB, different WPS treatment) — see 04-compliance-ksa/tamheer-and-doroob-program-application-pack.docx. Do not merge the two tracks.

**Owner key:** F = Founder (acting HR/IT) | NH = New Hire | Mgr = Line manager (Founder until team grows).

### 2. Phase A — Pre-Start (Day -7 to Day -1)

| <input type="checkbox"/> | Task                                                                                                                                     | Owner  | Done-when                                               |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------|--------|---------------------------------------------------------|
| <input type="checkbox"/> | Signed offer letter on file (05-people/offer-letter-template-2026-06-14.md)                                                              | F      | Countersigned copy saved to employee HR folder in Drive |
| <input type="checkbox"/> | Employment contract drafted from 05-people/saudi-compliant-employment-contract-template.docx and registered/authenticated in <b>Qiwa</b> | F      | Qiwa shows contract pending employee authentication     |
| <input type="checkbox"/> | Collect pre-start documents: National ID / Iqama copy, passport (expats), certificates, IBAN, photos (per Offer Letter §6)               | NH → F | All documents received and filed in Drive HR folder     |

| <input type="checkbox"/> Task                                                                                                                                                                                                                                            | Owner | Done-when                                                                 |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|---------------------------------------------------------------------------|
| <input type="checkbox"/> Verify right to work: Iqama validity + profession match (expats) or Saudi national ID; record in HR file                                                                                                                                        | F     | Verification note dated and filed                                         |
| <input type="checkbox"/> Medical insurance enrolment initiated with provider [Owner to confirm provider — brief D2]                                                                                                                                                      | F     | Policy active on or before Day 1                                          |
| <input type="checkbox"/> Payroll setup: add employee to WPS payroll file / <b>Mudad</b> [Owner to confirm Mudad account status — brief D3]                                                                                                                               | F     | Employee row exists in payroll with correct basic/housing/transport split |
| <input type="checkbox"/> Create Google Workspace account <code>firstname@flygaca.com</code> — <b>decided 2026-08-09 (brief D4)</b> : a Workspace seat once a hire needs a mailbox; role/alias addresses stay on Cloudflare Email Routing (see 02-legal/email-routing.md) | F     | New hire mailbox receives test email; routing doc updated                 |
| <input type="checkbox"/> Provision accounts: Slack, GitHub org, Google Drive shared folders (least-privilege per role)                                                                                                                                                   | F     | Invites sent; access limited to role-required folders/repos               |
| <input type="checkbox"/> Provision role-specific access only if needed: HubSpot, <b>Google Cloud console</b> (Cloud Run · Cloud SQL · Secret Manager), <b>Moyasar dashboard</b> , Cloudflare dashboard — see 06-operations-it/hosting-facts.md for what each one is      | F     | Access granted per role or explicitly deferred in writing                 |
| <input type="checkbox"/> Order/prepare laptop + peripherals; record serial numbers in the equipment register — <b>decided 2026-08-09 (brief D6)</b> : register lives in the ops Drive folder per 06-operations-it/03-drive-folder-structure.docx                         | F     | Equipment register row created; device ready                              |
| <input type="checkbox"/> Prepare Day 1 signing pack: employment contract, IP assignment (02-legal/ip-assignment-agreement.docx), NDA (02-legal/), Employee Handbook Acknowledgment, Remote/Hybrid Work Acknowledgment                                                    | F     | Pack printed or e-sign envelope staged                                    |
| <input type="checkbox"/> Draft role 30-60-90 plan from template; schedule Day 1 agenda and Week 1 check-ins                                                                                                                                                              | Mgr   | Calendar invites sent to new hire's new address                           |

### 3. Phase B — Day 1

| <input type="checkbox"/> Task                                                                                        | Owner  | Done-when                                                   |
|----------------------------------------------------------------------------------------------------------------------|--------|-------------------------------------------------------------|
| <input type="checkbox"/> Verify original ID/Iqama in person (or certified remote process)                            | F      | Sighted-original note added to HR file                      |
| <input type="checkbox"/> Sign full Day 1 pack (contract, IP assignment, NDA, handbook + remote-work acknowledgments) | NH + F | All executed copies in Drive HR folder; employee has copies |
| <input type="checkbox"/> Employee authenticates contract in Qiwa                                                     | NH     | Qiwa status = authenticated                                 |

| <input type="checkbox"/> Task                                                                                                                                                                                    | Owner  | Done-when                                          |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|----------------------------------------------------|
| <input type="checkbox"/> <b>GOSI registration</b> (Saudi: full contributions; expat: occupational hazard branch)                                                                                                 | F      | GOSI portal shows employee active from start date  |
| <input type="checkbox"/> Confirm WPS bank details (IBAN) entered correctly in Mudad/payroll                                                                                                                      | F      | Test record validated; first payroll run scheduled |
| <input type="checkbox"/> Hand over equipment; employee signs equipment receipt                                                                                                                                   | NH + F | Signed receipt filed; register updated to "issued" |
| <input type="checkbox"/> Security baseline: 2FA on Google/Slack/GitHub, password-manager seat — <b>decided 2026-08-09 (brief D6)</b> : 1Password or Bitwarden, founder's pick at first hire — disk encryption on | NH + F | Each control verified and ticked in IT note        |
| <input type="checkbox"/> Welcome session: mission, Employee Handbook walkthrough (esp. probation, working hours, InfoSec, IP, confidentiality)                                                                   | F      | Session held; questions logged                     |
| <input type="checkbox"/> Walk through Leave & PTO Policy (05-people/leave-pto-policy-2026-06-14.md), Grievance & Disciplinary Procedure, Anti-Harassment Policy                                                  | F      | Employee confirms receipt of all three in writing  |

## 4. Phase C — Week 1 (Days 2–7)

| <input type="checkbox"/> Task                                                                                                                                                                                                                                                    | Owner    | Done-when                                                                    |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|------------------------------------------------------------------------------|
| <input type="checkbox"/> Tool orientation: Slack norms (05-slack-workspace-blueprint), Drive folder structure (03-drive-folder-structure), calendar rhythm (07-calendar-and-operating-rhythm) — all in 06-operations-it/                                                         | Mgr      | New hire posts async standup unaided                                         |
| <input type="checkbox"/> Codebase / product orientation (GitHub repos under the ay2m account; Google Cloud + Cloudflare hosting overview per 06-operations-it/hosting-facts.md) — engineering roles                                                                              | Mgr      | First small PR opened or product walkthrough completed                       |
| <input type="checkbox"/> <b>Agent infrastructure orientation</b> — Read 06-operations-it/agent-infrastructure-team-training.md; trigger <code>/full-sync</code> once to understand workflow automation; list agents ( <code>ls .claude/agents/</code> ) in your repo — all roles | Mgr      | New hire can describe two agents by name and has run <code>/full-sync</code> |
| <input type="checkbox"/> HubSpot CRM orientation — commercial roles only                                                                                                                                                                                                         | Mgr      | Test contact record created correctly                                        |
| <input type="checkbox"/> Confirm medical insurance card/details delivered to employee                                                                                                                                                                                            | F        | Employee confirms receipt                                                    |
| <input type="checkbox"/> Review and agree written 30-60-90 plan goals                                                                                                                                                                                                            | NH + Mgr | Plan signed off by both parties in Drive                                     |
| <input type="checkbox"/> End-of-week check-in (1-on-1 template, 05-people/1-on-1-meeting-template.docx)                                                                                                                                                                          | Mgr      | Notes filed; blockers assigned                                               |

## 5. Phase D — Days 8–30 (Learn)

| <input type="checkbox"/> | Task                                                                                                | Owner | Done-when                                    |
|--------------------------|-----------------------------------------------------------------------------------------------------|-------|----------------------------------------------|
| <input type="checkbox"/> | Weekly 1-on-1s held; probation expectations restated in writing                                     | Mgr   | Four 1-on-1 notes on file                    |
| <input type="checkbox"/> | Compliance sweep: GOSI active, first WPS salary paid on time via Mudad, Qiwa contract authenticated | F     | All three verified after first payroll       |
| <input type="checkbox"/> | Access review: remove any over-provisioned access from Week 1                                       | F     | Access list matches role needs               |
| <input type="checkbox"/> | Day 30 probation checkpoint: on/off track, documented feedback                                      | Mgr   | Written checkpoint note shared with employee |

## 6. Phase E — Days 31–60 (Contribute)

| <input type="checkbox"/> | Task                                                                                                | Owner    | Done-when                                |
|--------------------------|-----------------------------------------------------------------------------------------------------|----------|------------------------------------------|
| <input type="checkbox"/> | 30-60-90 plan "contribute" goals in progress; blockers escalated                                    | NH + Mgr | Mid-point review note filed              |
| <input type="checkbox"/> | Day 60 probation checkpoint; if concerns exist, state them in writing with improvement expectations | Mgr      | Checkpoint note acknowledged by employee |
| <input type="checkbox"/> | Confirm leave accrual is being tracked from Day 1 (Leave & PTO Policy §3.2)                         | F        | Leave tracker row correct                |

## 7. Phase F — Days 61–90 (Lead / Probation Decision)

| <input type="checkbox"/> | Task                                                                                                                                                                                                                            | Owner   | Done-when                                                     |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|---------------------------------------------------------------|
| <input type="checkbox"/> | Day 80–85: probation review meeting (pass / extend to max 180 days by mutual written agreement per Labor Law Art. 53 / terminate) [Owner to confirm — Probation Review Form is a P2 gap-audit item, not yet drafted — brief D7] | F + Mgr | Decision documented and signed before Day 90                  |
| <input type="checkbox"/> | If extending: written mutual agreement signed before Day 90                                                                                                                                                                     | F + NH  | Signed extension in HR file and reflected in Qiwa if required |
| <input type="checkbox"/> | If terminating: follow Grievance & Disciplinary Procedure documentation standards and Offboarding Checklist (05-people/offboarding-checklist-2026-07-03.md)                                                                     | F       | Offboarding checklist opened                                  |
| <input type="checkbox"/> | If passing: confirm in writing; unlock post-probation items (e.g., taking accrued leave per Leave Policy §3.2)                                                                                                                  | F       | Confirmation letter filed; employee notified                  |
| <input type="checkbox"/> | Day 90 retro: capture onboarding improvements into this checklist                                                                                                                                                               | F       | Checklist updated, <code>last_updated</code> bumped           |
