This document describes the Customer Success (CS) program for Fly GACA's B2B customers. Fly GACA is an educational platform and regulatory library for Saudi civil aviation; its organizational customers license it for their cadets, pilots, instructors, and staff. The CS program exists to drive adoption, retention, and growth across that customer base.

Fly GACA is independent and not affiliated with GACA. See the repository [README](#) for product details.

Mission

Help every customer realize measurable value from Fly GACA — faster training throughput, better exam outcomes, currency tracking, and confident access to the regulatory library — and turn that value into retention, expansion, and advocacy.

Customer Segments

Segment	Typical buyer	Primary value
Flight Schools / ATOs	Head of training	Cadet study/exam prep, instructor tooling, throughput
Charter Operators	Operations / training lead	Crew currency, regulatory reference, standardization
MROs	Quality / training manager	Maintenance reference, staff training, currency
Commercial Operators	Training / compliance lead	Fleet-wide reference, recurrent training support

Plans are tiered **Starter / Professional / Enterprise**.

Health Monitoring

Customer health is tracked via a weighted scoring model. See [customer-health-scoring.md](#) for the full methodology and [health-dashboard-spec.md](#) for the dashboard spec (implemented in `customer-health-dashboard.xlsx`).

Quarterly Business Reviews

QBRs reinforce value and align on goals. Use the standardized [QBR template](#).

Voice of Customer

We collect NPS and CSAT continuously. See the [Voice-of-Customer program](#).
