08 🤝 Customer Success Academy Onboarding, NPS, Churn Defense	09 💼 Investor Relations Pitch Deck, Financial Models, DD Pack
10 🎓 Curriculum & Academy GACAR Part 141 Stage Checks, Mock Exams	11 🦅 Brand & Falcon Design Design Tokens, RTL Typography, Badges

Saudi Regulatory & Compliance Suite

- ZATCA Phase 2 E-Invoicing (Fatoora):** Standardized UBL 2.1 XML invoicing templates, SHA-256 canonical hashing, ECDSA signatures, and TLV QR encoding for B2B flight school billing.
- PDPL (Personal Data Protection Law):** Full Data Protection Impact Assessment (DPIA), privacy notices, and consent management frameworks aligned with SDAIA requirements.
- MISA & Commercial Registration:** Foreign investment blueprints, Articles of Association, and Ministry of Commerce commercial registrations.
- Saudi Labor Law:** Bilingual employment agreements, IP assignment contracts, and Nitaqat localization quota tracking.

Headless A4 Branded PDF Pipeline

The repository includes a 100% offline, branded A4 Chromium PDF generator:

```
cd tools/print
npm ci                # Install dependencies (Node 20+)
npm run build         # Incrementally compile modified .md docs to branded A4 PDFs
npm run check         # Run CI freshness and front-matter integrity check
npm run check:facts   # Verify family contract facts against company-facts.md
```

Full Arabic (MSA) Mirror

Every document across all 12 domains is mirrored in native Saudi Business Arabic under the [ar/](#) directory with identical file naming and YAML frontmatter schemas.
